 **Experienced Tutor | Peking University | MSc in Physics**

With an MSc in Physics from Peking University and a BSc in Electrical Engineering from Tsinghua University, I bring 11 years of tutoring experience in IB, A-Level, and AP Physics, helping students worldwide achieve top exam results.

**Teaches:** IB Physics A-Level Physics IGCSE Physics GCSE Physics AP Physics

**Curriculum:** IB A-Level GCSE IGCSE AP

## Qualifications

**Peking University:** MSc in Physics (2010–2012)

**Tsinghua University:** BSc in Electrical Engineering (2006–2010)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

Over the last 11 years, I've worked with students in IB and A-Level Physics, providing in-depth knowledge on subjects like mechanics, electromagnetism, and thermodynamics. My experience includes guiding students in their Internal Assessments and Extended Essays, ensuring top performance in both coursework and final exams.

In addition to teaching IB and A-Level Physics, I've also supported students in AP Physics and SAT Physics, helping them master challenging topics and secure high scores. Many of my students have gone on to study at leading universities, using their strong physics foundations as a launchpad for further academic success.

I've had the opportunity to work with students from various international schools, giving me insight into different curriculums and examination boards. This has allowed me to tailor my lessons to meet the specific needs of each student, providing them with the tools they need to excel.
