Tutoring Experience

Over the past decade, I've worked with students from diverse backgrounds across Spain, preparing them for the IB, A-Level, and IGCSE exams. My focus has been on helping them develop the skills necessary to succeed in complex mathematical topics such as algebra, calculus, and statistics. Many of my students have gone on to achieve top results in their exams.

Additionally, I've supported students in AP Maths and university-level courses, helping them grasp advanced mathematical theories. My experience has allowed me to tailor lessons to individual student needs, ensuring they have the confidence and understanding to perform well in a variety of curriculums.
