Tutoring Experience

Over the past 8 years, I've guided students from various countries through the challenges of IB and A-Level Physics, helping them not only excel in exams but also develop critical thinking and problem-solving skills. My tutoring experience spans both in-person and online sessions, working with students from diverse educational backgrounds.

I've also taught undergraduate students, assisting them in advanced topics like quantum mechanics and electromagnetism. My approach is focused on reinforcing fundamental concepts and ensuring students can apply their knowledge effectively, preparing them for higher education and professional success.
