Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the last 13 years, I have worked with students in various international programs, specializing in IB Psychology. My experience includes helping students develop a deep understanding of psychological theories and research methods, guiding them through their Internal Assessments, and preparing them for exams.

I have also taught A-Level and AP Psychology, assisting students in understanding complex psychological concepts and preparing them for university-level studies. My students have consistently performed well in their assessments, and many have progressed to top universities, pursuing degrees in psychology and related fields.
